

## Patient Satisfaction Survey

Dear Patient

We are continuously looking for ways to improve our service to patients. Therefore, we would be very grateful if you could spend a few minutes completing the following questionnaire after you have been seen in the clinic. We would be grateful if you would then return the completed questionnaire to the reception staff. The views that you express will remain totally anonymous and will not affect the treatment you will receive. Please base your answers only on the consultation you have had today.
